## New York Wines for the Thanksgiving Table

with Dan Belmont

After the year we've all had, the upcoming holidays will be an even more special time to give thanks. There is no better pairing for your Thanksgiving feast, from appetizers to dessert, than New York wines. Perhaps a sparkler to kick things off, and a crisp dry Riesling or a playful Cabernet Franc to compliment rich foods – each part of your day can be accentuated with wine. Celebrate our local bounty, learn about our winemaking community, and see just how these wines can make your cherished holiday traditions even more memorable.
