Leading Varietals of New York with Kevin Zraly

Join us, along with New York's own Kevin Zraly, one of the world's foremost wine educators, for an exploration of the hallmark varietals of New York State. How are they different in expression than those you know from warmer regions? How are winemakers working with growers to coax the best out of these grapes in the vineyards? What are the winemakers in New York doing to put their cool-climate stamp on such well-known wines? Find out all this and more on December 17th.
