Chardonnay, the Other White Grape

with Dan Belmont

Although a good deal of attention is directed to the Rieslings produced in New York State, the world-class Chardonnays coming from Osmote, Hounds Tree, and Damiani wineries are not ones to be overlooked. Moderator Dan Belmont will open up the conversation with our esteemed winemakers on what goes into crafting these noteworthy Chardonnays coming from the North Fork and Finger Lake AVAs. Join us as we explore this widely appealing, food friendly, and versatile grape that pairs perfectly with summer weather.
